throughout Tennessee. A special train  
was rushed to Anderson by the Red  
Cross from Atlanta, carrying emer-  
gency relief.

the south was wrecked at Anderson.  
Fitzgerald, Ga., reported \$50,000  
property damage with a church, a cot-  
ton mill and numerous dwellings de-  
stroyed.

### SOUTHWEST STORMS KILL THREE, STREAMS ARE AT FLOOD STAGE

(By United Press)  
Kansas City, April 30.—Storms  
sweeping over the southwest since  
Sunday have resulted in three  
deaths, caused heavy property  
damage and swollen many streams  
to flood stage.

Mrs. Roy Pyle was killed and  
two injured by a tornado at In-  
galls, Okla. Another twister struck  
Texarkana, Texas, and killed  
Luther Thompson, 5, and seriously  
injured seven persons.

Wichita Falls, Texas, when the  
wind blew a slide on the play-  
ground over her.

Flood warnings were issued  
along the Arkansas river in Kan-  
sas following a rain which soaked  
the state during the last 24 hours.  
From three to six inches were re-  
ported.

### MASS. DEMOCRATIC COMMITTEE SLATE WAS ALL SMASHED

CHARLES H. COLE OF BOSTON, A  
SMITH MAN, ELECTED  
DELEGATE

GOV. SMITH GETS SECOND EN-  
DORSEMENT THROUGH JO-  
SEPH B. ELY

(By United Press)  
Boston, Mass., April 30.—  
Smashing the democratic state  
committee slate and running  
second only to Senator David I.  
Walsh, unpledged, Charles H.  
Cole of Boston pledged to sup-  
port Governor Al Smith of New York  
at the democratic national convention,  
was elected delegate at large in the  
Massachusetts primary election.  
Smith received a second endorse-  
ment when the voters elected Joseph  
B. Ely of Westfield, the only member  
of the state committee slate who had  
announced his support of the New  
York governor.

The republican delegation of 39,  
all known to favor President Cool-  
idge, were chosen with little discus-  
sion.

The lone Hiram Johnson delegate,  
Dwight B. McCormack, came out as  
a poor third, receiving only 179 votes  
of 7,372 cast.

pairs on the Seattle would consume  
a longer time than he had antici-  
pated.

### SPRING OUTING BRINGS ON DEATH

THREE BOYS OUT ON RAFT, ONE  
IS DROWNED IN SERPENT  
LAKE

(By United Press)  
Crosby, April 30.—Spring fever  
took three boys out on Serpent lake  
on a raft.

Frightened when a strong breeze  
took the raft out into the open wa-  
ter, Fortunato Martinetto, ten, leaped  
overboard and drowned fifty feet  
from shore.

His companions, Tom and John  
Scheur, 11 year old twins, stuck with  
the raft until it drifted nearer  
shore when John Scheur jumped and  
swam ashore for help, aided by a  
plank from the river.

Judge Lewis and John Stack re-  
covered the body of the Martinetto  
boy three hours later.

John Van Evers rescued Tom  
Scheur from the raft.

### COOLIDGE VS. COX IS HOW THE OHIO VOTE DECIDED

REPUBLICAN AND DEMOCRATIC  
NOMINATIONS FOR THE  
PRESIDENCY

COOLIDGE VICTORY OVER SENA-  
TOR HIRAM JOHNSON OVER-  
WHELMING

(By United Press)  
Columbus, Ohio, April 30.—  
President Calvin Coolidge and  
former Governor James M. Cox  
are Ohio selections for the re-  
publican and democratic nomi-  
nations for president.

Voters of Ohio in yesterday's presi-  
dential primary gave a decisive ma-  
jority for Coolidge and Cox in the  
preferential vote, and gave to each  
the state delegations to their respec-  
tive national party convention.

Coolidge's victory over Senator  
Hiram Johnson was overwhelming.  
Incomplete returns indicating the  
president won by a majority of more  
than six to one.

Cox apparently defeated William  
G. McAdoo by nearly three to one.

### UNITED STATES USES MUCH OPIUM

(By United Press)  
Chicago, April 30.—Opium enough  
is consumed in the United States an-  
nually to keep every man, woman  
and child in the country under the  
influence of "dope" for twenty-five  
consecutive days, according to Dr.  
Herman N. Bundeson, health com-  
missioner of Chicago, in an address  
here before the mid-year convention  
of the National Fraternal Congress.

### EMBEZZLEMENT, BIGAMY, ROBBERY

CHARGES AGAINST DR. ROBERT  
FRANK, WHO ELOPED WITH  
HIGH SCHOOL GIRL

(By United Press)  
San Francisco, April 30.—Dr. Robert  
Frank, known to police as "Silent  
Barney," whose latest escapade  
was his elopement from Minneapolis  
with Marion Christopherson, 17 year  
old high school girl, is to be returned  
to San Francisco to answer charges  
of bigamy, embezzlement and rob-  
bery.

A detective left today for New  
Iberia, Louisiana, to return him, lo-  
cal police having been notified last  
night that he was under arrest there.

Dr. Frank's romances came into  
public notice two months ago when  
he deserted Miss Christopherson.

The girl, who protested her love  
for Frank, saying she hoped police  
"will never get him," revealed that  
Frank, the husband of her aunt, who  
had been Mrs. Julia Cedarquist of  
Santa Rosa, California, had won her  
affections from her aunt.

No sooner was this revelation  
made than Miss Henrietta Bubb, 17  
year old San Francisco high school  
girl, came forward and announced  
that she also had been a bride of  
Frank and still was for that matter.

The search for him has been in  
progress since that time.

### CHARGED PLOTTING TO DEFAME HIS WIFE'S CHARACTER

COUNTS THROWN OUT MENTION-  
ED STOKES'S DIVORCE TRIALS  
IN NEW YORK

WERE NOT APPLICABLE TO THE  
CASE BROUGHT IN  
ILLINOIS

(By United Press)  
Chicago, April 30.—Judge W.  
M. Cook, of the criminal court,  
today quashed four of the nine  
counts in the indictment charg-  
ing W. E. D. Stokes, New York  
millionaire, and others with plot-  
ting to defame the character of Mrs.  
Helen Elwood Stokes, the millionaire's  
wife.

The five remaining counts charge  
Stokes and others with committing  
a crime against the public justice of  
Illinois. The defendants must stand  
trial on these counts, the court held.  
The four counts thrown out make  
mention of the Stokes' divorce trials  
in New York and are not applicable  
to the case in Illinois, Judge Cook  
said.

Mrs. Stokes charged her husband  
with bringing notorious characters  
to swear to false affidavits that she  
visited a notorious resort here many  
years ago and to circulate false  
stories about her.

### FARMERS FACE A GOOD YEAR

OFFICIAL REPORTS ON RED RIV-  
ER VALLEY AND NORTHERN  
MINNESOTA

(By United Press)  
St. Paul, April 30.—Farmers of  
the Red River valley and northern  
Minnesota are in good financial  
condition with prospects of a good year.  
O. T. Ofsthun, secretary of the  
state rural credits board, returned  
today from a ten day trip to the sec-  
tion in which he talked to farmers  
who have been turned down in  
their applications for loans and  
others who had been granted loans, and  
bankers.

The bankers, he said, are all will-  
ing to co-operate with the farmers  
and will give them all the aid they  
can. Most of the seeding is done,  
and the weather has been favorable.

Financial conditions of the farm-  
ers is much improved over this time  
last year, he said, the cream checks  
supplying most of the living ex-  
penses and many are putting aside  
money to meet their interest and  
taxes. Many of those who borrow-  
ed from the state, he said, will be  
able to pay back their loans this fall  
if the crop is at all successful.

## JAPAN TO SEND QUAKE VICTIMS TO BRAZILIAN FARMS

Osaka, Japan, April 30.—Japan  
has finally decided to send to Brazil  
a considerable body of the sufferers  
of the 1923 quake in the Tokio dis-  
trict.

The municipal authorities of Tokio  
are working as the intermediat-  
agency in co-operation with the  
home and foreign offices. The cen-  
tral employment intelligence bureau  
of the Tokio municipality has started  
to entertain applications for emi-  
grants who are willing to proceed  
to Brazil to engage in manual labor  
in the cotton plantations there in order  
to cope with the present situation re-  
garding unemployment.

No fare will be charged these emi-  
grants and they will be limited  
strictly to quake sufferers under the  
age of 50.

The officials taking charge of the  
plan are aware of the recent anti-  
Japanese expression in the Brazilian  
parliament, but they do not think it  
serious opposition against Japanese  
immigration. They are, however,  
very cautious in selection of the  
proper emigrants, considering the  
development of the anti-Japanese  
movement in the Pacific states in  
America.

The new plan is being managed  
solely by the hands of Naigai Kogyo  
& Co., which is working under strict  
supervision of the foreign office.

## May First Dedicated To Children In Nation-Wide Festival Planned To Stimulate Health Activities

A nation-wide demonstration with  
a purpose which its sponsors an-  
ticipate will have an instant ap-  
peal to the minds and hearts of  
all America is that planned for  
May Day of this year by the of-  
ficials of the American Child Health  
Association.

The day, always associated with  
childhood in its happiest mood,  
has been dedicated by the Asso-  
ciation as the one most fitting on  
which to carry on a program de-  
vised to awaken the interest of  
grown-ups in the health and  
happiness of the nation's boys and  
girls. President Calvin Coolidge,  
all the governors, municipal author-  
ities, prominent educators and  
ministers are united with millions  
of parents in this great effort to  
carry before the public the gospel  
of child health.

Officials of the Association,  
among whom are many of the  
successful American authorities on  
social problems, selected May Day  
for their program so that the  
festivals associated with that date  
might be held, but they have given  
the day an additional designation  
of great significance—they call it  
"take heed day" for the parents.  
The Association will have consid-  
ered its task worth while if the  
interest of the community is  
aroused in the concerted effort to  
safeguard the health of the boys  
and girls of the nation.

Traditional customs of the Day  
will have a large part in the ob-  
servance. The picturesque hanging  
of May baskets, the colorful page-  
ants and, of course, May Pole  
dancing are to be included in the  
programs. The festival spirit will  
predominate.

Herbert Hoover, president of the  
American Child Health Asso-  
ciation, discussed the May Day pro-  
gram in a call to the grown-ups  
of America to join in the demon-  
stration.

"We wish to emphasize the fact,"  
he says, "that child health is the

personal concern of every citizen  
of the United States.

In a single sentence the Asso-  
ciation's president sums up just what  
the organization seeks to accom-  
plish by the May Day observance.  
"This," he says, "is a problem of  
maintaining health rather than of  
curing disease."

Just a year ago, President  
Hoover published the American  
Child's Bill of Rights, and it still  
is the platform on which the As-  
sociation is carrying on its work.  
He then declared that there  
"should be no child in America  
who:

- "Is not born under proper  
conditions.
- "Does not live in hygienic  
surroundings.
- "Ever suffers from mal-  
nutrition.
- "Does not have an opportu-  
nity for outdoor play.
- "Does not have prompt and  
efficient medical inspection  
and attention.
- "Does not receive primary  
instruction in the elements of  
hygiene and health."

It is in an effort to induce every  
community to translate this Bill of  
Rights into living facts that the  
Association has planned the May  
Day celebration. Miss Crandall is  
the organization's associate general  
executive.

The Association has its head-  
quarters at 379 Seventh Avenue,  
New York City.

## DEMOCRATS OF NORTH DAKOTA BURY HATCHET

(By United Press)  
Bismarck, N. D., April 30.—Demo-  
crats of the state seem to have bur-  
ied the hatchet as far as the two sep-  
arate state organizations are con-  
cerned and a meeting of representa-  
tive democrats of both factions will  
meet here at 10 a. m. tomorrow in  
the "official" state convention of the  
democratic party.

G. C. Woledge of Minot and J. E.  
Campbell, rival leaders, reached an  
agreement some time ago for the  
single convention, after each had is-  
sued calls for separate conventions.  
One meeting was to have been held  
at Fargo, April 23, by the Woledge  
faction and the other at Jamestown,  
April 29, by Campbell and his fol-  
lowers.

Woledge heads the so-called state  
central committee and Arthur S.  
Miller of Fargo is secretary. It was  
after the selection of the committee  
heads that democrats headed by  
Campbell had a protest meeting at  
Jamestown, and organized their own  
faction. Woledge led the support  
of H. H. Berry for national commit-  
teeman in the recent presidential  
primary election here and the other  
faction supported R. B. Murphy, who  
won the place by a small margin.

It is rumored that the convention  
Saturday will take both present  
"chairmen" from office and formu-  
late an entire new state organization.

Except that Dr. L. S. Platou of  
Fargo has announced himself as a  
candidate for governor there is little  
talk of what candidates will appear.  
It is announced that a complete state  
slate will be made up, however. Dr.  
Platou is said to have support of  
both factions.

## DEGENERATE KILLS TEN LITTLE GIRLS

### NOTORIOUS RUSSIAN CRIMINAL ARRESTED, BODIES FOUND IN CELLAR

(By United Press)  
Moscow, April 30.—The notorious  
Zugars mass murderer finally has  
been arrested in Poltava, a dispatch  
said today.

The criminal, a degenerate, made  
a practice of assaulting little girls  
whom he afterward killed and buried  
in his cellar. Police so far have  
found the bodies of ten.

The girls were buried in a moldy  
basement under the murderer's home.  
All apparently had been slain within  
the last 12 months.

## FORESTERS TO CELEBRATE JUNE 17

Chicago, April 30.—National head-  
quarters of the Independent Order of  
Foresters, which is preparing to cele-  
brate its golden jubilee on June 17  
with commemorative exercises  
throughout the United States and  
Canada, have been opened in Chic-  
ago. Frank E. Hand, who has direct-  
ed the order's affairs on the Pacific  
Coast for the last eighteen years, is  
in charge of the new office.

### Liberalizing the Creed

On the order of services of All  
Souls Universalist Church, Brooklyn,  
New York, for Sunday, March 23,  
these two items appeared together:  
The Sermon—"Thou Shalt Not  
Steal."

Offertory—"Steal Away" (Negro

## JAPAN PREPARES TO AID AMERICAN WORLD FLIERS

(By United Press)  
Osaka, Japan, April 29.—Prepara-  
tions to welcome the four American  
airplanes in the world flight are be-  
ing made by the Japanese army and  
navy.

Major General Yasumitsu and  
Rear Admiral Shiozawa, assisted by  
several other officers, will make all  
necessary arrangements to entertain  
and give any assistance needed to  
the American aviators when they ar-  
rive in Japan in the early part of  
May.

According to the present schedule,  
the American planes will reach Jap-  
anese territory about May 1. Lieut.  
Yamaguchi, of the Kasumioura  
Naval Air Corps, will be sent to  
Shimushu Island, near Hokkaido, to  
assist the American fliers when they  
land on that island. Lieut. Okam-  
ura, of the Oppama Naval Air  
Corps, will go to Etorofu Island, near  
Saghalien, where the American planes  
will also stop. The destroyers Ku-  
wa, Keyaki and Sakai will transport  
gasoline to the Etorofu Island for  
the benefit of the American planes.

These destroyers, together with  
three other warships, will patrol the  
waters surrounding the Kurile Is-  
land while the American planes are  
in that region.

Lieut. C. Nutt, of the United  
States Air Service, who arrived from  
Manila about three weeks ago to co-

operate with the Japanese govern-  
ment in making arrangements for  
the arrival of the American fliers,  
has just returned from Kagoshima,  
where he has been treated with high  
consideration by all the Japanese  
officials. These officials, according  
to Lieut. Nutt, have promised full  
co-operation.

In Tokio the army and navy will  
give a joint welcome reception to  
the American aviators. In other  
stopping places, elaborate receptions  
are also being planned.

The arrival is awaited with keen  
interest and great enthusiasm by the  
Japanese public.

## Territorial Pioneers of State to Celebrate

St. Paul, April 29.—Old settlers  
from throughout the state will gath-  
er at the old capitol May 10 to cele-  
brate the 66th anniversary of Min-  
nesota's admission to statehood.

The anniversary is May 11, but  
the date falls on Sunday this year.

All who lived in Minnesota during  
its territorial days are special guests  
of the Territorial Pioneers' associa-  
tion at the annual anniversary cele-  
bration. Most of the association  
membership is now composed of de-  
scendants of the earlier settlers.

Former Governor S. R. Van Sant  
walks over to the old capitol from  
his home in Minneapolis every year  
for the celebration. Some of the  
other persons always prominent at  
the affairs are George F. Mortimer,  
born at Ft. Snelling in 1838; Jean-  
nette Robert Lampray, St. Paul; Wy-  
man X. Folsom, Taylor Falls; Helen  
M. Torinus, Stillwater; Ard and  
Harriet Godfrey, St. Anthony, and  
Clara McMasters Bill, Reeds Land-  
ing. All these lived in Minnesota  
several years before it became a  
state.

Officers of the Pioneers' associa-

tion are: M. J. Gill, Minneapolis,  
president; F. E. Woodward, Lang-  
don, H. H. Randolph and Miss Har-  
riet Godfrey, Minneapolis, vice pres-  
idents; B. A. Brunson, St. Paul, treas-  
urer, and George H. Hazzard, St.  
Paul, secretary.

## NARROW GAUGE LINE IN ICELAND PLANNED

Christiania, Norway, April 30.—  
An official of the Norwegian state  
railways has entered into a contract  
with the government of Iceland to

make preliminary surveys and work  
out plans for a railway line of about  
65 kilometers, connecting the prin-  
cipal agricultural section of the island  
with the coast.

The road will doubtless be narrow  
gauge, and, according to present  
plans, equipped with steam engines,  
although the presence of abundant  
waterfalls along the line makes it  
possible that electric energy will be  
resorted to in the end.

A nation-wide demonstration with  
a purpose which its sponsors an-  
ticipate will have an instant ap-  
peal to the minds and hearts of  
all America is that planned for  
May Day of this year by the offi-  
cials of the American Child Health  
Association.

The day, always associated with  
childhood in its happiest mood,  
has been dedicated by the Asso-  
ciation as the one most fitting on  
which to carry on a program de-  
vised to awaken the interest of  
grown-ups in the health and  
happiness of the nation's boys and  
girls. President Calvin Coolidge,  
all the governors, municipal auth-  
orities, prominent educators and  
ministers are united with millions  
of parents in this great effort to  
carry before the public the gospel  
of child health.

Officials of the Association,  
among whom are many of the  
successful American authorities on  
social problems, selected May Day  
for their programs so that the  
festivals associated with that date  
might be held, but they have given  
the day an additional designation  
of great significance—they call it  
"take heed day" for the parents.  
The Association will have consid-  
ered its task worth while if the  
interest of the community is  
aroused in the concerted effort to  
safeguard the health of the boys  
and girls of the nation.

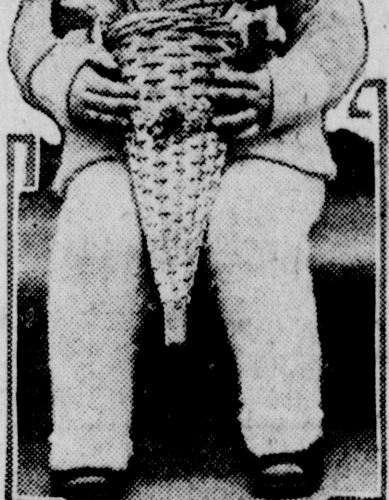

PHOTO KEYSTONE

Traditional customs of the Day  
will have a large part in the ob-  
servance. The picturesque hanging  
of May baskets, the colorful page-  
ants and, of course, May Pole  
dancing are to be included in the  
programs. The festival spirit will  
predominate.

Herbert Hoover, president of the  
American Child Health Associa-  
tion, discussed the May Day pro-  
gram in a call to the grown-ups  
of America to join in the demon-  
stration.

"We wish to emphasize the fact,"  
he says, "that child health is the

personal concern of every citizen  
of the United States.

In a single sentence the Associa-  
tion's president sums up just what  
the organization seeks to accom-  
plish by the May Day observance.  
"This," he says, "is a problem of  
maintaining health rather than of  
curing disease."

Just a year ago, President  
Hoover published the American  
Child's Bill of Rights, and it still  
is the platform on which the As-  
sociation is carrying on its work.  
He then declared that there  
"should be no child in America  
who:

"Is not born under proper  
conditions.

"Does not live in hygienic  
surroundings.

"Ever suffers from mal-  
nutrition.

"Does not have an opportu-  
nity for outdoor play.

"Does not have prompt and  
efficient medical inspection  
and attention.

"Does not receive primary  
instruction in the elements of  
hygiene and health."

It is in an effort to induce every  
community to translate this Bill of  
Rights into living facts that the  
Association has planned the May  
Day celebration. Miss Crandall is  
the organization's associate general  
executive.

The Association has its head-  
quarters at 370 Seventh Avenue,  
New York City.

territorial pioneers of state to celebrate

St. Paul, April 29.—Old settlers  
from throughout the state will gather  
at the old capitol May 10 to cele-  
brate the 66th anniversary of Min-  
nesota's admission to statehood.

The anniversary is May 11, but  
the date falls on Sunday this year.

All who lived in Minnesota during  
its territorial days are special guests  
of the Territorial Pioneers' associa-  
tion at the annual anniversary cele-  
bration. Most of the association  
membership is now composed of de-  
scendants of the earlier settlers.

Former Governor S. R. Van Sant  
walks over to the old capitol from  
his home in Minneapolis every year  
for the celebration. Some of the  
other persons always prominent at  
the affairs are George F. Mortimer,  
born at Ft. Snelling in 1838; Jean-  
nette Robert Lampray, St. Paul; Wy-  
man X. Folsom, Taylor Falls; Helen  
M. Torinus, Stillwater; Ard and  
Harriet Godfrey, St. Anthony, and  
Clara McMasters Bill, Reeds Land-  
ing. All these lived in Minnesota  
several years before it became a  
state.

Officers of the Pioneers' associa-

tion are: M. J. Gill, Minneapolis,  
president; F. E. Woodward, Lang-  
don, H. H. Randolph and Miss Har-  
riet Godfrey, Minneapolis, vice pres-  
idents; B. A. Brunson, St. Paul, treas-

## DEMOCRATS OF NORTH DAKOTA BURY HATCHET

(By United Press)

Bismarck, N. D., April 30.—Demo-  
crats of the state seem to have bur-  
ied the hatchet as far as the two sepa-  
rate state organizations are con-  
cerned and a meeting of representa-  
tive democrats of both factions will  
meet here at 10 a. m. tomorrow in  
the "official" state convention of the  
democratic party.

G. C. Woledge of Minot and J. E.  
Campbell, rival leaders, reached an  
agreement some time ago for the  
single convention, after each had is-  
sued calls for separate conventions.  
One meeting was to have been held  
at Fargo, April 23, by the Woledge  
faction and the other at Jamestown,  
April 29, by Campbell and his fol-  
lowers.

Woledge heads the so-called state  
central committee and Arthur S.  
Miller of Fargo is secretary. It was  
after the selection of the committee  
heads that democrats headed by  
Campbell had a protest meeting at  
Jamestown, and organized their own  
faction. Woledge led the support  
of H. H. Berry for national commit-  
teeman in the recent presidential  
primary election here and the other  
faction supported R. B. Murphy, who  
won the place by a small margin.

It is rumored that the convention  
Saturday will take both present  
"chairmen" from office and formu-  
late an entire new state organization.

Except that Dr. L. S. Platou of  
Fargo has announced himself as a  
candidate for governor there is little  
talk of what candidates will appear.  
It is announced that a complete state  
slate will be made up, however. Dr.  
Platou is said to have support of  
both factions.

## MAY DAY FOR CHILD HEALTH

THE American Child Health Association is sponsoring May Day as a National Child Health Day and is enlisting the cooperation of the people our nation over to promote thought in behalf of the American child on that day.

The aim of such a movement is to concentrate the attention of the public on the progress that has been made in conditions surrounding the child health of the nation and on the future needs of the nation which public interest can promote. Briefly stated the day is to be "A Rededication of America to the Happiness of Her Children."

President Coolidge heartily endorsed the plans for May Day which were submitted to him by Herbert Hoover, president of the American Child Health Association. The governors of the states, members of congress, the press and the pulpit have offered their support.

May Day is traditionally a children's day. It is a day associated in our minds with May baskets, outdoor festivals, May poles—a day the children love. For this reason it is especially fitting that this day should be thoughtfully observed by our nation as Child Health Day.

A little over a year ago when the American Child Health Association was formed, Herbert Hoover stated that:

"There should be no child in America who:

- Is not born under proper conditions.
- Does not live in hygienic surroundings.
- Ever suffers from malnutrition.
- Does not have an opportunity for outdoor play.
- Does not have prompt and efficient medical inspection and attention.
- Does not receive primary instruction in the elements of hygiene and health."

Every community in Minnesota is urged to cooperate in this nation-wide movement to concentrate the attention of its people on the community's greatest asset—its children.

The schools may arrange suitable programs, pageants, etc.—emphasizing always the joyousness and happiness of healthy childhood. Many communities are arranging for community festivals thus including in their celebration all people of all ages. Whatever plans are made by a community, the aim and purpose of this nation-wide movement should be kept in mind—to stimulate serious thought on the part of the nation in behalf of the American child.

"We had best stop and look at Every child,  
 He is not alone for his mother,  
 Nor alone for his father,  
 But belongs to every one of us;  
 He is the deepest concern of us all.  
 What shall be done for Every child?"

By coincidence it happens that Brainerd is observing May Day for Child Health through the children themselves who will sell tags for the cause of Public Health. A cheerful and enthusiastic response to their appeal is looked for.

## WRITING FOR NEWSPAPERS

WRITING for the newspapers is evidently a crime in the eyes of the United States Lawn Tennis association. The association, in the case of Vinnie Richards, America's third ranking tennis star, has ruled that he will be a professional next year if he should continue in newspaper work.

Previously Tilden came under the displeasure of the association because he is a player-writer. In the case of Richards, he took up newspaper work when he was still in school.

Had Tilden and Richards taken up the selling of bonds and mortgages, or life insurance, or hardware, or oil stocks, they might have retained their amateur standing, but pounding a type-writer and writing articles on sports, especially tennis, of which both are certainly well informed, are authorities, and know how to write, that was a crime in the eyes of the tennis association.

To an outsider it looks as though, probably, the tennis association wants to get out its own publicity and press matter. Every newspaper and especially sports writer ought to rise to the defense of Tilden and Richards so that such rulings of an amateur association shall not deprive us of two of the stars who would greatly assist America to supremacy in the Olympic sports.

If it gets right down to brass tacks, what's the occupation of the members of the amateur rules committee of the tennis association and what do the officers of the organization do for a living? If the amateur ruling is carried to its ultimate conclusion, no one but a simon pure amateur, an independently rich man with positively nothing to do but appear in sports, will be qualified to be an amateur. The rest of America, rich in athletic ability but compelled to work for a living, will be barred its place in athletics because of having to work for such a living.

It costs the average amateur a mint of money, of time and other opportunities lost, to appear in Olympic competition. Here in our section Captain William H. Fawcett is sacrificing time, money and business to appear in the trapshooting events, just to sustain the honor of America in this branch of sport.

We would like to see this ruling on what constitutes an amateur threshed out by America at large. We are all interested in sports. We are all interested in any ruling, no matter whether it concerns tennis or Paddock in his dashes. The field of sports takes in all America and we have all got something to say about this matter.

## CLUBBING TOGETHER TO REDUCE EXPENSES

CANDIDATES for county commissioner whose districts are composed of parts of the city of Little Falls can save much time, energy and expense, suggests the Little Falls Daily Transcript, if they get together, hire a hall and hold a joint meeting in the city. Each can then state his position and what he hopes to accomplish; if elected, and how he will accomplish his desires. Instead of several public meetings, one could suffice and the voters be given full knowledge of what to expect from each.

If Morrison county has a lot of candidates in a district, it has no advantage over Crow Wing county, where to date nine candidates have filed for county commissioner in the first district.

## Consider This Sedan at \$1445

THIS Oakland Six Sedan incorporates more advanced construction than you will find in any other Sedan selling at a similar price. You can verify these facts for yourself.

Oakland's new six-cylinder engine is compact and powerful. It's advanced design gives it the smoothness so desirable in a closed car.

Oakland's four-wheel brakes are sound. In the Sedan, a family car, don't overlook this safety feature.

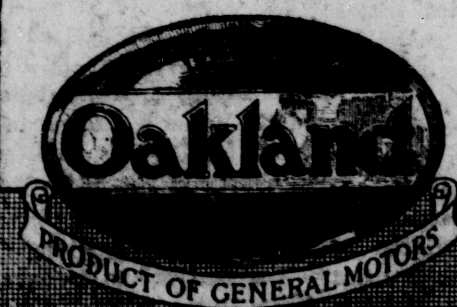

The body is Fisher-built—beautiful and complete. Comparisons will increase your desire for it.

Oakland's new Duco finish is a revelation. In no other car, similarly priced, can you obtain this finish.

The control system is exclusive. Horn, throttle, ignition switch, choke and light controls—all are on the steering wheel.

Disc steel wheels are standard. They are safer, better looking, more desirable.

These are the facts and the Sedan price is \$1445 at factory. To insure complete satisfaction you don't need to pay more. Consider the Oakland Sedan, drive it—and then decide for yourself.

## LINDBERGH KIN IN LEGAL MAZE

### CAN'T WITHDRAW NAME OF THE STRICKEN GUBERNATORIAL CANDIDATE

St. Paul, April 30.—Legal complications never encountered before in Minnesota's history are being caused by the illness of C. A. Lindbergh.

The knotty question before the attorney general is whether or not relatives of Mr. Lindbergh may withdraw his name as a farmer-labor candidate for governor.

Mr. Lindbergh is critically ill at a Rochester hospital with a tumor of the brain, which, physicians say, they cannot remove.

Relatives, at a conference Sunday, decided to withdraw Mr. Lindbergh's name. Now it appears doubtful if they can—unless they go through the courts.

William Brown, clerk in the office of the secretary of state, received a telephone call asking what he would do if a withdrawal was sent him by the relatives. He replied that he would refer the matter to the attorney general.

The attorney general says it is a question that has never before been decided.

Mr. Lindbergh may live until after the last date for withdrawal of names from the ballot, May 7. If he should die before that date, his name automatically would be withdrawn. If he remains unconscious he cannot sign an order for withdrawal of his name.

A precedent which might result disastrously for someone else in the future would be set if the relatives were allowed to withdraw the name, it is pointed out.

Walter Quigley, law partner of Lindbergh, and active in his campaign, conferred informally with Attorney General C. L. Hilton this morning, trying to find a way out of the tangle.

## BRITISH CASTLE TO RENT TO SOME RICH AMERICAN

(By United Press)  
London, April 29.—One of the largest castles in England is for rent—for only \$40,000 per year—provided a "suitable tenant" can be found.

London real estate men are speculating just which American millionaire will qualify as the "suitable tenant"—their instinctive assumption seems to be that an American millionaire will certainly be the tenant. The specifications for suitably haven't been prescribed, but patently they are that the applicant must have no wolves hovering around his door, and must have the social graces that ought to go with the second biggest castle in England.

This is Arundel Castle, property of the Duke of Norfolk, on an estate covering 1,245 acres, located fifty-five miles from London.

The Norfolk family is one of the richest in England. The present Duke is only sixteen years old. His mother, the Duchess of Norfolk, in charge of the family affairs, travels a great deal. She has a large and splendid town house in the heart of fashionable London, as well as various estates elsewhere. So Arundel Castle, second in size only to Windsor Castle, really isn't needed much by the Norfolk family, and a "suitable tenant" may have it for a period of years.

Although one of the largest English castles, Arundel is fairly new as things go over here. Parts of it are only a hundred or so years old, and there are some sections that have actually been built or, at least, reconstructed in recent years. That's another reason, some say, why an American is apt to get the place—some touches of the new will make it more appealing to him, according to the London real estate agent's theory.

## BLAZE FROM CIGARET DESTROYS 7 BUILDINGS

Lowell, Mass., April 29.—A smoldering cigarette, carelessly tossed on the floor, is believed to have caused the fire here Sunday which destroyed seven buildings in the heart of the city.

One fireman, Capt. Edward P. Cunningham, was killed when a wall buckled and he was buried beneath an avalanche of stones.

Eight other firemen were injured by falling debris. It is estimated the damage will amount to more than \$500,000.

## REPUBLICAN CANDIDATE FOR U. S. SENATOR

OSCAR HALLAM

"Year in and year out for sixty-four years the Republican Party has been the best reliance of the country for wise and progressive legislation and it is the best hope of the country today."

"One of the most pressing necessities of today is that of relief of agricultural conditions. The Republicans of the House and the Senate are now engaged in a struggle to pass the McNary-Haugen bill calculated to help put the buying power of farm products on a level—bearing the same relations to other commodities as existed before the war."

"In common with the whole people of the great Northwest we should use every effort to secure for farm products an outlet by deep waterway to the sea."

"The Republican Party recognizes its duty to those who bear the burden of taxation to reduce taxation as far as national obligations will permit."

"The Republican party is demanding that no man shall be permitted to hide his wealth from the tax collector and that neither bonds, securities, nor any other forms of wealth should be tax-free."

"There have recently been revelations of perjury on the part of men in high station. These misdoings have not been confined to one man or set of men, nor to the men of any particular party."

"Let the light blaze in and if it reveals the fact that any Republican has betrayed a trust, the Republican party will offer no apologies for him but will be the first to repudiate his unfaithfulness. The Republican, who has proved false to his trust, has offended us more than the faithless of other political parties, for he has betrayed the nation and the party that trusted him as well."

"The official who misuses the funds which the Government has provided for the relief of disabled soldiers, or who takes money from those who look to him for public favors, should be in the same common jail as the man who robs widows and orphans."

## GAS TAX VOTE WILL ONLY FIX CASH USE

ATTY. GEN. HILTON RULES THAT LEGISLATURE IS AUTHORIZED TO MAKE LEVY

Popular vote on the proposed 'gas tax' at the general election in Brainerd and other Minnesota precincts next November will determine only whether the receipts from a tax on gasoline, when collected, shall be used for needed highway improvements or go into the general revenue fund to pay the expenses of state government.

A ruling to that effect was given this week by Clifford L. Hilton, attorney general. It is held by good roads enthusiasts to insure the passage of the proposed 'gas tax' amendment by an overwhelming majority. Car and truck owners, constituting a safe majority of Minnesota voters, they reason, will see to it that any gas taxes they are called on to pay will be used on highways to give them largest and most direct benefits.

Attorney General Hilton gave the opinion that the legislature already has authority to tax gasoline, all question having been removed by the United States supreme court decision on the tonnage tax test case. Unless the proposed constitutional amendment is adopted in November to place the gas tax collections in the state's highway fund, however, the receipts would accrue to the general revenue fund from which are paid the miscellaneous expenses of state government.

Prospects for an early 'gas tax' in Minnesota are rated strong, because the state without such a tax soon will be the exception, it is reported. Then Minnesota would be practically forced to levy the tax in self-defense, and as the only method of retaliating on states having it and sending thousands of their tourists over Minnesota highways every summer.

The rate of the gas tax, as already made public, will be left entirely to the legislature, just as the motor vehicle tax rates rest wholly in the discretion of the state lawmakers.

## MINNEAPOLIS HEALTH SHOW OPENS MAY 3

(By United Press)  
Minneapolis, April 30.—The weird workings of the X-Ray and the fluoroscope; visual demonstrations of the circulation of the blood; the functioning of the internal organs; a wealth of commercial exhibits and a profusion of displays containing all the most modern and delicate scientific apparatus will be shown at the Minneapolis Health Show opening May 3 at Kenwood armory. It will be open one week.

Radium valued at \$250,000 will be shown daily and the public will have an opportunity to see this rare mineral projecting its rays through bars of chilled steel. One of the most comprehensive exhibits of the exposition will be offered by the University of Minnesota from its medical, dental and pharmacy schools. Practically all the devices and delicate mechanisms with which the human emotions and impulses are registered will be shown. Daily physical examinations will be given free of charge to all who register. A baby contest to find the healthiest baby in the city is expected to attract more than 500 children. Health contests with liberal prizes will be given the finest physical specimens of men and women examined.

## BEETLE CAUSES A LOT OF DAMAGE

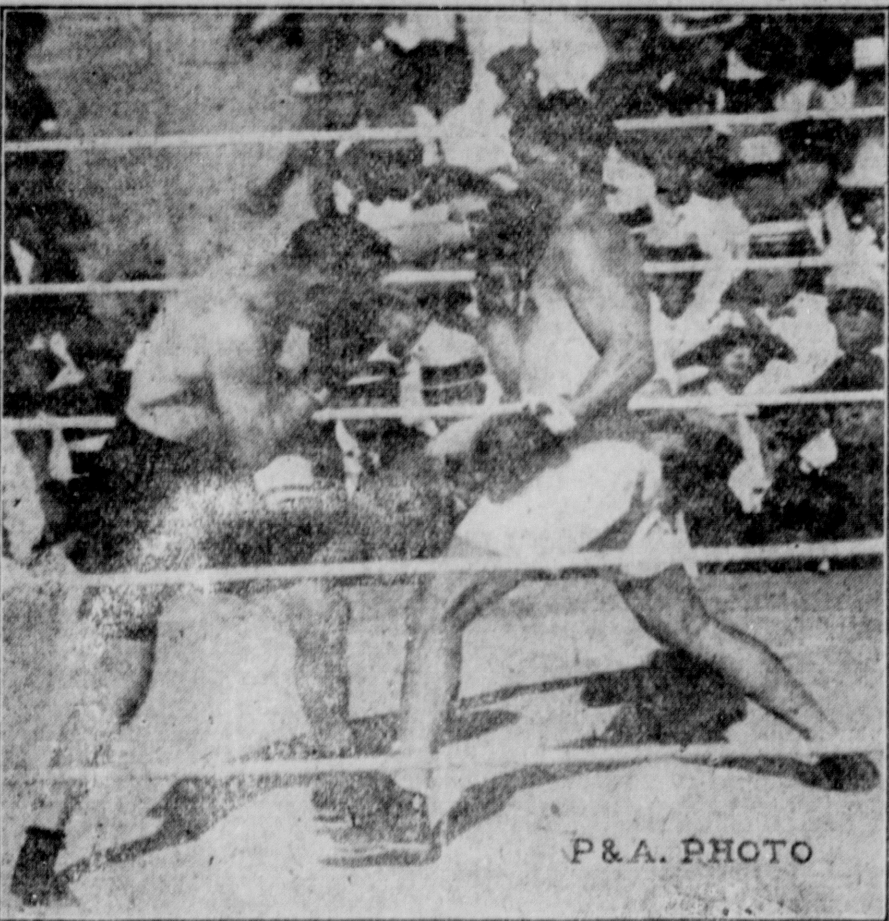

(By United Press)  
St. Paul, April 30.—A beetle that feeds on articles made of oak, birch, maple and hardwood, is causing a great deal of loss, according to Dr. S. A. Graham, specialist in forest insects, of the division of entomology University Farm, St. Paul.

The beetle is known as the powder post beetle. It is a small dark bug, elongated in form and varying in size.

Dr. Graham advises holders of hardwood supplies to separate susceptible sapwood from hardwood stock in order to avoid the necessity of handling immune stock over and over again.

From Poverty to Riches is Story of Jack Dempsey

From a hobo, whose means of transportation was a freight car, to the heavyweight champion of the world worth nearly a million dollars, is the romantic story of Jack Dempsey of Salt Lake City.

The conqueror of Willard and Firpo and other heavyweights of renown came near meeting his match,

however, last July at Shelby, Mont., when he attempted to remove Tommy Gibbons from his path. Tom remained 15 rounds with the champion even though he lost the decision.

"Dempsey and Gibbons at Shelby" is the title of a motion picture showing scenes in the funny little town before the fight. It will be exhibited at the New Park tonight and Thursday.

No Girls for Doug, Jr.  
No girls, no love-making. This, an altogether unconventional idea in

Douglas Fairbanks, Jr. in the Paramount Picture "Stephen Steps Out"

picture making, has the unqualified endorsement of the silver-sheet's newest star.

"You said it," declared Douglas Fairbanks, Jr., in reply to a hint that he was not displeased to find girls and love-making absent in "Stephen Steps Out," his first Paramount picture adapted from "The Grand Cross of the Crescent" by Richard Harding Davis, which is showing at the Lyceum Theatre tonight and Thursday.

The prediction is freely made that boys everywhere, old and young, will acclaim the picture a "pippin," because it is brimming over with action. And girls of all ages are going to find in the young hero a type approaching their ideal.

When Doug, Jr., is questioned about girls a slow smile lights up his face. He doesn't say that he dislikes girls, neither will he admit that they give him the slightest concern. He will talk entertainingly about anything else, sports, for instance—but girls just make him smile.

Theodore Roberts, Noah Beery and Harry Meyers head an unusually strong supporting cast.

## "MUSICAL EVENING" IS TO BE REPEATED

Brainerd Boys Band to Present Same  
at New Park Theatre Friday  
Evening, May 9

### ARDEN MILLER IN NEW SOLOS

Band Making Fine Progress Under  
Direction of Prof. Hugo  
Pflock

So successful was the recent concert of the Brainerd Boys band that the "Musical Evening" will be repeated in its entirety on Friday evening, May 9th, at the New Park theatre. Arden Miller, Brainerd's youthful vocalist, will vary his solos from the former concert, otherwise the program will be unchanged.

The Boys Band made such a decidedly favorable impression in its last concert, that many have requested Hugo Pflock, the director, to repeat it. Similar requests have come from a number of residents of nearby towns. Then too, there are a great many in the city who did not attend the concert, and who desire to see the performance.

Tickets will be placed in the hands of the members of the Boys band as well as in the various business houses, and it is expected that they will find a ready sale.

There are several boys, according to Mr. Pflock, who wish to join the band. They are asked to confer with the director before purchasing an instrument, since there are only certain instruments that are needed in the band, and Mr. Pflock does not wish to overbalance any particular part of his organization with too many of one kind of instruments.

The band is in touch with the state fair association and hopes to secure an engagement at the exposition this summer. Several engagements in the Brainerd territory are now pending. The band is less than a year old, but has made such rapid progress in that short time, that its value is becoming realized to the extent that quite a demand will be made for its services during the coming season.

### ELKS DANCING PARTY

Event for Members and Their Ladies  
Was Notable One Monday Evening,  
Hedstrom Orchestra Playing

Elks and their ladies attended the lodge dancing and card party Monday evening and enjoyed the events arranged by the house and social committee. There was dancing in the main hall with music by the Hedstrom orchestra. Frappe and wafers were served.

Cards were played by ladies and gentlemen at eight tables in the Elks parlors. Every nook of the Elks, who occupy the whole third floor of the Citizens State bank building, was taken up by the many attending.

The 11 o'clock toast was given by the exalted ruler, Dr. A. K. Cohen. The floor manager for the dancing was Secretary John J. Cummins. Every contingency was taken care of by the house and social committee, even to provide a special policeman to guard cars of range members parked on Laurel street near the Elks lodge.

### COUNTRY CLUB DANCE

Over 100 Attend Function Given at  
Ransford Hotel on Tuesday  
Evening

The dance given on Tuesday evening by the Brainerd Country club at the Ransford hotel was a decided success, over one hundred attending.

The hotel dining room, which was used for dancing, was attractively decorated in pink and white. The Rhythm Kings furnished the music. Dancing was enjoyed from nine to twelve. Frappe was served in charge of Mrs. E. O. Webb.

Much of the success of this brilliant social affair is due to Ernest Butler, who took much of the responsibility of its arrangements. The Butler brothers donated the use of the dining room and did everything possible to make the evening a most pleasant one.

The Northern Home Furnishing Company very generously furnished floor and bridge lamps, which added much to the attractiveness of the room.

This dance is to be followed by other social functions during this season, put on by the social committee of the country club. This committee is composed of O. A. Peterson, chairman, Mrs. A. C. Weber, Mrs. John F. Woodhead, Ernest Butler and D. E. Whitney.

### Bethlehem Lutheran Ladies Aid

### Miscellaneous Shower

Mrs. John A. Hoffbauer and Miss Elsie Branchaud entertained at the home of the former for Mrs. B. E. Dunham, over a dozen ladies being present and showering Mrs. Dunham with many pretty gifts.

### TWICE-TOLD TESTIMONY

Brainerd People Are Doing All They  
Can for Fellow Sufferers

Brainerd testimony has been published to prove the merit of Doan's Pills to others in Brainerd who suffer from bad backs and kidney ills. Lest any sufferer doubt this evidence of merit, we produce confirmed proof—statements from Brainerd people who again endorse Doan's Pills—confirm their former testimony. Here's a Brainerd case:

Mrs. W. H. Everest, 807 7th St., says: "I had terrible pains in my back that fairly made me sick. If I exerted myself, my back became sore and lame and it was hard for me to do my housework. My kidneys didn't act as they should and as Doan's Pills had been used in the family with good results, I started taking them. A few Doan's from Johnson's Drug Store soon gave me relief."

The above statement was given November 13, 1917, and on August 19, 1921, Mrs. Everest added: "Doan's cured me and I am glad to confirm my former statement." 69c, at all dealers. Foster-Milburn Co., Mrs., Buffalo, N. Y.—Adv

Originally there were 19 nominees and two ballots were necessary. The directors will meet shortly and from their number elect president and vice president.

Mrs. Olive Conzet Dahl of Pine River gave two humorous readings which brought vociferous applause.

The balance of the session included reports made by the eight members who had attended the Rotary district convention in Bismarck, N. D. The general introduction to reports was made by W. H. Gemmell, and all accounts given paid a glowing tribute to Bismarck Rotary club and their whole community for the whole hearted hospitality shown on all sides.

That of O. C. Marshall, Both  
in N. E. Brainerd

The fire department was called out to extinguish two fires early Wednesday morning.

The first was a house at 820 Pine street, Northeast, owned by A. E. Thayer. The family moved to the country several weeks ago, and the building was unoccupied. The flames burned the roof entirely and badly demolished the rest of the structure.

The second fire was at three o'clock in the morning, about half an hour later than the first. It burned the roof and the rear portion of the house occupied by O. C. Marshall at 429 Pine street, Northeast. The family succeeded in saving all their furniture and personal effects. The origin of neither fire is known.

### D. A. R. MEET

Entertained at the Home of Mrs. J.  
M. Hayes on Saturday  
Afternoon

The Samuel Huntington Chapter of the Daughters of the American Revolution met on last Saturday at the home of Mrs. J. M. Hayes. Several matters of considerable importance were discussed and a number of lines of activity planned.

Within the next few weeks old magazines, books and papers of all kinds will be collected to be shipped with another organization not expecting to have a full carload.

Attention was called to the address of President Coolidge before the continental congress of the D. A. R., which met recently in Washington. The president urged the members of this patriotic organization to exercise their right of franchise and use their influence for good government and citizenship.

A guest of the society at Saturday's meeting was Mrs. W. E. Neal, a member-at-large from Deerwood.

### Dorcas Society

The Dorcas society of the Swedish Bethany church will be entertained this Wednesday evening in the church parlors. An excellent program has been prepared. Everyone is welcome.

## "MUSICAL EVENING" IS TO BE REPEATED

Brainerd Boys Band to Present Same  
at New Park Theatre Friday  
Evening, May 9

### ARDEN MILLER IN NEW SOLOS

Band Making Fine Progress Under  
Direction of Prof. Hugo  
Pflock

So successful was the recent concert of the Brainerd Boys band that the "Musical Evening" will be repeated in its entirety on Friday evening, May 9th, at the New Park theatre. Arden Miller, Brainerd's youthful vocalist, will vary his solos from the former concert, otherwise the program will be unchanged.

The Boys Band made such a decidedly favorable impression in its last concert, that many have requested Hugo Pflock, the director, to repeat it. Similar requests have come from a number of residents of nearby towns. Then too, there are a great many in the city who did not attend the concert, and who desire to see the performance.

Tickets will be placed in the hands of the members of the Boys band as well as in the various business houses, and it is expected that they will find a ready sale.

There are several boys, according to Mr. Pflock, who wish to join the band. They are asked to confer with the director before purchasing an instrument, since there are only certain instruments that are needed in the band, and Mr. Pflock does not wish to overbalance any particular part of his organization with too many of one kind of instruments.

The band is in touch with the state fair association and hopes to secure an engagement at the exposition this summer. Several engagements in the Brainerd territory are now pending. The band is less than a year old, but has made such rapid progress in that short time, that its value is becoming realized to the extent that quite a demand will be made for its services during the coming season.

### ELKS DANCING PARTY

Event for Members and Their Ladies  
Was Notable One Monday Evening,  
Hedstrom Orchestra Playing

Elks and their ladies attended the lodge dancing and card party Monday evening and enjoyed the events arranged by the house and social committee. There was dancing in the main hall with music by the Hedstrom orchestra. Frappe and wafers were served.

Cards were played by ladies and gentlemen at eight tables in the Elks parlors. Every nook of the Elks, who occupy the whole third floor of the Citizens State bank building, was taken up by the many attending.

The 11 o'clock toast was given by the exalted ruler, Dr. A. K. Cohen. The floor manager for the dancing was Secretary John J. Cummins. Every contingency was taken care of by the house and social committee, even to provide a special policeman to guard cars of range members parked on Laurel street near the Elks lodge.

### COUNTRY CLUB DANCE

Over 100 Attend Function Given at  
Ransford Hotel on Tuesday  
Evening

The dance given on Tuesday evening by the Brainerd Country club at the Ransford hotel was a decided success, over one hundred attending.

The hotel dining room, which was used for dancing, was attractively decorated in pink and white. The Rhythm Kings furnished the music. Dancing was enjoyed from nine to twelve. Frappe was served in charge of Mrs. E. O. Webb.

Much of the success of this brilliant social affair is due to Ernest Butler, who took much of the responsibility of its arrangements. The Butler brothers donated the use of the dining room and did everything possible to make the evening a most pleasant one.

The Northern Home Furnishing Company very generously furnished fix floor and bridge lamps, which added much to the attractiveness of the room.

This dance is to be followed by other social functions during this season, put on by the social committee of the country club. This committee is composed of O. A. Peterson, chairman, Mrs. A. C. Weber, Mrs. John F. Woodhead, Ernest Butler and D. E. Whitney.

### Bethlehem Lutheran Ladies Aid

### Miscellaneous Shower

Mrs. John A. Hoffbauer and Miss Elsie Branchaud entertained at the home of the former for Mrs. B. E. Dunham, over a dozen ladies being present and showering Mrs. Dunham with many pretty gifts.

Cards were played after which a luncheon was served. The table decorations included roses.

### TWICE-TOLD TESTIMONY

Brainerd People Are Doing All They  
Can for Fellow Sufferers

Brainerd testimony has been published to prove the merit of Doan's Pills to others in Brainerd who suffer from bad backs and kidney ills. Lest any sufferer doubt this evidence of merit, we produce confirmed proof—statements from Brainerd people who again endorse Doan's Pills—confirm their former testimony. Here's a Brainerd case:

Mrs. W. H. Everest, 807 7th St., says: "I had terrible pains in my back that fairly made me sick. If I exerted myself, my back became sore and lame and it was hard for me to do my housework. My kidneys didn't act as they should and as Doan's Pills had been used in the family with good results, I started taking them. A few Doan's from Johnson's Drug Store soon gave me relief."

The above statement was given November 13, 1917, and on August 19, 1921, Mrs. Everest added: "Doan's cured me and I am glad to confirm my former statement."

The balance of the session included reports made by the eight members who had attended the Rotary district convention in Bismarck, N. D. The general introduction to reports was made by W. H. Gemmell, and all accounts given paid a glowing tribute to Bismarck Rotary club and their whole community for the whole hearted hospitality shown on all sides.

"That meeting was so good," said John F. Woodhead in closing, "that hereafter every member of the club should attend and gain the spirit and enthusiasm shown."

## BERLENBACH SAYS HE'S WISER NOW

By HENRY L. FARRELL  
United Press Sports Editor

New York, April 30.—For a young man who has suffered the disappointment of a very serious setback at the very beginning of his career, Paul Berlenbach, the greatest hitting product the ring has produced in years, has retained a surprising amount of confidence and assurance in his future.

Instead of regarding the defeat he met at the right hand punch of Jack Delaney as a blow that blasted his hopes and ruined his career, the young former Olympic wrestler looks upon it as a valuable lesson well learned and an experience that was needed to make him a finished fighter.

"Fighting," Berlenbach said a few days ago to the writer, "is like any other sport or any profession—you have to learn it and know it before you get to the top. My good friend, Hughie McQuillan, never could have made good with the Giants if he had pitched only ten games in the bush leagues, and it wasn't within reason that I could get up with the champions without having more experience than I was able to get in ten professional fights."

"I didn't have a chance to learn anything until I went into the ring with Delaney, but I learned plenty in that fight, and even if I did get stopped, I feel now that the lesson I learned was worth the sacrifice. I made a lot of mistakes in that fight just as I had made them in other professional fights, but the difference was that they counted more against me in the Delaney fight than they did in the others. I'll never make the same mistakes again, and I have enough confidence in myself to feel that I'm going to get a long way in the ring when I have had the chance to acquire the instinct of knowing what to do and what not to do."

Berlenbach feels that he was rushed into fast company with too much speed, but he assumes the responsibility for not having asserted himself by demanding the generally recognized privilege of a boxer to take a two or three-season course in the bush leagues before he had to face major league pitching. He feels that the New York Boxing Commission exceeded its authority in practically naming his opponents, in arbitrarily ruling that his opponents must be within a pound of his own weight and in bounding him with orders and rules that never were on the books. He makes the serious charge that a deputy boxing commissioner flatly told him that he would have to fight Delaney when the promoter had offered him his choice of several other boxers, all of whom were less qualified against his style of fighting than Delaney.

Rather than censure anyone or hold anyone responsible for these complaints, Berlenbach blames himself and explains: "I just didn't know anything about the game."

## EDDIE KANE RETURNS WITH CARPENTIER'S NAME ON ARTICLES

New York, April 30.—Georges Carpentier and Tom Gibbons positively will meet in Michigan City on May 30 or 31, Jack Curley, New York representative of Floyd Fitzsimmons, Chicago promoter, said here today.

Curley and Eddie Kane, manager of Gibbons, returned from Paris, bringing with them the signed articles of the Frenchman.

"We learned in Paris, when we saw the articles Carpentier had signed with Bill Gibson to meet Gene

Tunney, that they were nothing but an option and that they could not hold in any court," Curley said. The Frenchman was guaranteed \$70,000 or a 25 per cent option of the gate, according to Curley. Carpentier and his party are to sail next week from Paris, and they will open their training camp near Chicago.

## RICHARDS HAS FOLLOWED TILDEN, WEAKENS TEAM

THIRD RANKING PLAYER OF AMERICA ALSO NEWSPAPER WRITER

THEREFORE RESIGNS FROM THE OLYMPIC AND DAVIS CUP SQUADS

By HENRY L. FARRELL  
(United Press Staff Correspondent)  
New York, April 30.—Vincent Richards, America's third ranking tennis star, will resign from the Olympic and Davis cup tennis squads. He has prepared his resignation and will forward it to the United States Lawn Tennis association.

"There is nothing else for me to do but resign," Richards told the writer last night. "The association has ruled that I will be a professional next year if I continue in newspaper work. For that reason I should be considered a professional now, as I am doing the same kind of work."

Richards' resignation follows that of William T. Tilden, world's tennis champion, who also came under the ban declared by the association on player-writers.

Tilden objected to a reference made to him as an "evil influence" on the game that was contained in a report made to the association by Holcombe Ward, chairman of the amateur rules committee, which put over the rule against the player-writers.

Tilden was mentioned by name in the report. Several sarcastic remarks were made about the "boy reporter," and Richards felt they were obviously shots at him.

Richards said he felt that Tilden and he were in the right and that he was going to fight for his individual rights. The youngster said he felt even more sure of his grounds.

"I was in school when I became a tennis star and the association might figure that I was capitalizing on my reputation if I took up any profession. I decided upon newspaper work because I liked it and because I felt that I had the qualifications for the work," he said.

Richards said that he was doing general newspaper work, covering all kinds of sports and any general assignments that were given him by his city editor. The young star said he would have to give up tennis unless there was some field for professional work. He said he thought it would not be unethical for him to make money out of playing tennis if the association figured that he was doing it now.

Resignation of Tilden and Richards will leave the United States in a terrible hole for a team to defend the Davis cup and it is probable that the association may be forced to step down.

It was learned today that the West Side club of Forest Hills, the most influential club in the association, had called a meeting to reconsider the action it took in supporting the player-writer rule.

## ARGENTINE MAN IS ALMOST BURIED ALIVE

(By United Press)

Rio de Janeiro, April 30.—Vanguardia, popular afternoon newspaper, carried a telegram from Bahia saying one Pedro Leao, or "Peter the Lion" as his name translated into English would indicate, rose just as the lid of his coffin was being nailed on and protested against premature burial. Pedro was a street-car conductor. He wasn't dead, just epileptic.

## DEATH INSURANCE IN GERMANY

(By United Press)  
Berlin, April 30.—Life insurance companies, promising to bury their customers, are doing a land-office business with middle-class and working Germans.

Fear that their bodies might be used for dissection in German medical institutions, or be sold as skeletons to America is causing this great demand for "life insurance," or perhaps in this case more correctly "death insurance."

The patient is said to be improving rapidly. He has announced abandonment of his ambition to become an "ostrich-stomached man" in the side-show business. He had been training for his profession.

## BERLENBACH SAYS HE'S WISER NOW

By HENRY L. FARRELL  
United Press Sports Editor

New York, April 30.—For a young man who has suffered the disappointment of a very serious setback at the very beginning of his career, Paul Berlenbach, the greatest hitting product the ring has produced in years, has retained a surprising amount of confidence and assurance in his future.

Instead of regarding the defeat he met at the right hand punch of Jack Delaney as a blow that blasted his hopes and ruined his career, the young former Olympic wrestler looks upon it as a valuable lesson well learned and an experience that was needed to make him a finished fighter.

"Fighting," Berlenbach said a few days ago to the writer, "is like any other sport or any profession—you have to learn it and know it before you get to the top. My good friend, Hughie McQuillan, never could have made good with the Giants if he had pitched only ten games in the bush leagues, and it wasn't within reason that I could get up with the champions without having more experience than I was able to get in ten professional fights."

"I didn't have a chance to learn anything until I went into the ring with Delaney, but I learned plenty in that fight, and even if I did get stopped, I feel now that the lesson I learned was worth the sacrifice. I made a lot of mistakes in that fight just as I had made them in other professional fights, but the difference was that they counted more against me in the Delaney fight than they did in the others. I'll never make the same mistakes again, and I have enough confidence in myself to feel that I'm going to get a long way in the ring when I have had the chance to acquire the instinct of knowing what to do and what not to do."

Berlenbach feels that he was rushed into fast company with too much speed, but he assumes the responsibility for not having asserted himself by demanding the generally recognized privilege of a boxer to take a two or three-season course in the bush leagues before he had to face major league pitching. He feels that the New York Boxing Commission exceeded its authority in practically naming his opponents, in arbitrarily ruling that his opponents must be within a pound of his own weight and in hounding him with orders and rules that never were on the books. He makes the serious charge that a deputy boxing commissioner flatly told him that he would have to fight Delaney when the promoter had offered him his choice of several other boxers, all of whom were less qualified against his style of fighting than Delaney.

Rather than censure anyone or hold anyone responsible for these complaints, Berlenbach blames himself and explains: "I just didn't know anything about the game."

## EDDIE KANE RETURNS WITH CARPENTIER'S NAME ON ARTICLES

New York, April 30.—Georges Carpentier and Tom Gibbons positively will meet in Michigan City on May 30 or 31, Jack Curley, New York representative of Floyd Fitzsimmons, Chicago promoter, said here today.

Curley and Eddie Kane, manager of Gibbons, returned from Paris, bringing with them the signed articles of the Frenchman.

"We learned in Paris, when we saw the articles Carpentier had signed with Bill Gibson to meet Gene

Tunney, that they were nothing but an option and that they could not hold in any court," Curley said.

The Frenchman was guaranteed \$70,000 or a 25 per cent option of the gate, according to Curley. Carpentier and his party are to sail next week from Paris, and they will open their training camp near Chicago.

## Sarazen Best Driver

Gene Sarazen, former open champion, won a driving contest at the Grassy Sprain club in the Metropolitan district recently with a swat measuring 255 yards. Jim Barnes' best effort was only 226 yards.

## De Mar, Four-Time Winner of Boston Marathon, and U. S. Olympic "Ace", at Home With Mother

Clarence De Mar, thirty-six years old, set a new record for the full Marathon distance when he recently won the Marathon run from Hopkington, Mass., to Boston. It was his third successive victory

and the fourth time he had finished first in that event. De Mar improves with age and to-day is not only America's leading Marathoner but the "ace" of Uncle Sam's Olympic team.

## RICHARDS HAS FOLLOWED TILDEN, WEAKENS TEAM

THIRD RANKING PLAYER OF AMERICA ALSO NEWSPAPER WRITER

THEREFORE RESIGNS FROM THE OLYMPIC AND DAVIS CUP SQUADS

By HENRY L. FARRELL  
(United Press Staff Correspondent)  
New York, April 30.—Vincent Richards, America's third ranking tennis star, will resign from the Olympic and Davis cup tennis squads. He has prepared his resignation and will forward it to the United States Lawn Tennis association.

"There is nothing else for me to do but resign," Richards told the writer last night. "The association has ruled that I will be a professional next year if I continue in newspaper work. For that reason I should be considered a professional now, as I am doing the same kind of work."

Richards' resignation follows that of William T. Tilden, world's tennis champion, who also came under the ban declared by the association on player-writers.

Tilden objected to a reference made to him as an "evil influence" on the game that was contained in a report made to the association by Holcombe Ward, chairman of the amateur rules committee, which put over the rule against the player-writers.

Tilden was mentioned by name in the report. Several sarcastic remarks were made about the "boy reporter," and Richards felt they were obviously shots at him.

Richards said he felt that Tilden and he were in the right and that he was going to fight for his individual rights. The youngster said he felt even more sure of his grounds.

"I was in school when I became a tennis star and the association might figure that I was capitalizing on my reputation if I took up any profession. I decided upon newspaper work because I liked it and because I felt that I had the qualifications for the work," he said.

Richards said that he was doing general newspaper work, covering all kinds of sports and any general assignments that were given him by his city editor. The young star said he would have to give up tennis unless there was some field for professional work. He said he thought it would not be unethical for him to make money out of playing tennis if the association figured that he was doing it now.

Resignation of Tilden and Richards will leave the United States in a terrible hole for a team to defend the Davis cup and it is probable that the association may be forced to step down.

It was learned today that the West Side club of Forest Hills, the most influential club in the association, had called a meeting to reconsider the action it took in supporting the player-writer rule.

## ARGENTINE MAN IS ALMOST BURIED ALIVE

(By United Press)  
Rio de Janeiro, April 30.—Vanguardia, popular afternoon newspaper, carried a telegram from Bahia saying one Pedro Leao, or "Peter the Lion" as his name translated into English would indicate, rose just as the lid of his coffin was being nailed on and protested against premature burial. Pedro was a street-car conductor. He wasn't dead, just epileptic.

## DEATH INSURANCE IN GERMANY

(By United Press)  
Berlin, April 30.—Life insurance companies, promising to bury their customers, are doing a land-office business with middle-class and working Germans.

Fear that their bodies might be used for dissection in German medical institutions, or be sold as skeletons to America is causing this great demand for "life insurance," or perhaps in this case more correctly "death insurance."

The Place to Apply  
"Have you any work here?"  
"No. There is no work here!"  
"Could you give me a job?"  
Kasper (Stockholm).

Teutonic Habits  
"You treat your landlord as if he were a German!"  
"Well, for four years he has refused me any reparations."—Pels Mele (Paris).

### No Wonder It Ached

London, April 30.—Michael Murtagh, soldier, complained of stomach ache.

Medical examination disclosed "strange and unknown" conditions in his stomach, according to the doctor's report.

The patient is said to be improving rapidly. He has announced abandonment of his ambition to become an "ostrich-stomached man" in the side-show business. He had been training for his profession.
